

SUJIT KUMAR GUPTA

Frontend Developer | React.js | React Native

Mohali, Punjab, India | 9163165672 | sujitgupta9163@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 1+ years of experience building high-performance web and cross-platform mobile applications using React.js and React Native. Proven track record of delivering scalable, user-friendly interfaces with clean, maintainable code. Experienced in REST API integration, state management with Redux Toolkit, and developing reusable component libraries that accelerate development cycles.

TECHNICAL SKILLS

Frontend: React.js, React Native, JavaScript (ES6+), HTML5, CSS3, Context API, Redux Toolkit

UI & Styling: Tailwind CSS, Bootstrap, Ant Design

Backend & APIs: Node.js, Express.js, REST API Integration

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, VS Code, Postman, IntelliJ IDEA, Chart.js

Languages: JavaScript (ES6+), Java

PROFESSIONAL EXPERIENCE

Frontend Developer – Bhanguz Technology, Mohali *June 2025 – Present*

- Architected and delivered production-ready React.js web applications, improving UI consistency across the platform
- Engineered 15+ reusable React Native components, reducing development time for new features by ~30%
- Integrated RESTful APIs with robust error handling and optimized state management using Redux Toolkit
- Enhanced application performance and responsiveness, contributing to faster load times and smoother UX
- Collaborated with backend team to define API contracts and ensure seamless frontend-backend integration

Frontend Developer Intern – Tech Whizer IT Software Services *Nov 2022 – Mar 2023*

- Developed modular, reusable React.js components used across multiple pages of the web application
- Implemented API integrations and managed component-level state using React hooks
- Contributed to UI improvements that enhanced usability and visual consistency of the product

KEY PROJECTS

VerifyOne — OTP Authentication System verifyone.bhanguz.com *(Tech Stack: React.js, React Native, Tailwind CSS)*

- Built a secure OTP-based identity verification system with multi-step authentication flow
- Designed responsive UI components with Tailwind CSS ensuring seamless experience across devices
- Implemented protected route architecture to prevent unauthorized access to sensitive areas

BrainStrom — Counselling Management System www.cognisentr.com *(Tech Stack: React.js, React Native, Node.js, Express.js)*

- Developed full-featured Admin Panel for managing users, counsellors, and session scheduling
- Implemented role-based access control (RBAC) with protected routes for Admin, Counsellor, and User roles
- Built responsive dashboards with real-time data visualisation for session tracking and analytics
- Ensured cross-platform compatibility with React Native for mobile users

EDUCATION

Master of Computer Applications (MCA) – Quantum University, Roorkee *(2023 – 2025)*

Bachelor of Computer Applications (BCA) – Patliputra University, Patna *(2020 – 2023)*
